To whom it may concern,

I am very pleased to recommend Mr. Nutthakun Wannaprapa for the opportunity to participate in cooperative education at your establishment.

My name is Suebsak Suebpakdee, a lecturer at the School of Engineering, Bangkok University, and a Career Counselor at the Bangkok University Lifelong Learning Center. I had the opportunity to be an instructor of Mr. Nutthakun more than 2 years. Nutthakun is one of my students who clearly demonstrates a strong dedication and eagerness to learn new things. He is well-behaved, diligent, and kind, embodying an exemplary student in every aspect. He deserves to be supported in finding excellent opportunities during his studies.

In my classes, Nutthakun is an attentive student who demonstrates excellent focus, logical thinking, and a strong sense of principles and reasoning. These qualities are ideal for acquiring knowledge and learning both in and out of the classroom. Additionally, when given the opportunity to work on project-based assignments, Nutthakun effectively applies the knowledge he has gained from his studies.

I am confident that Nutthakun would excel in spending his fourth year in a cooperative education program. His diligence and enthusiasm for new challenges would greatly benefit your team.

Feel free to contact me at +6689 153 5454 or via email at suebsak.s@bu.ac.th if you have any questions.

Sincerely,

Mr.Suebsak Suebpakdee
